Personal Statement

I am a hard-working, enthusiastic member of any team. I can also work under my own initiative to complete tasks to the best of my ability. I am reliable as I manage my time well and am punctual. I understand the importance of professionalism and dress appropriately.

Career plans

Whilst studying my undergraduate I learnt about Applied Behaviour Analysis and how effective the principles were when working with children with Autism, therefore I decided to study for the MSc in Applied Behaviour analysis. In May 2015 I qualified for the accreditation of Board Certified Behaviour Analyst (BCBA). I will continue to build my professional development by attending conferences and courses and keeping up to date with developments within the field.

Personal Interests

I enjoy reading in my spare time. I enjoy a variety of genres and one of my favourite authors is Torey Hayden. I also enjoy socialising and meeting new people and keeping in touch with old friends. I enjoy going running. I go a few times a week and enjoy taking part in races to raise money for charities and also to help me set new goals for my fitness. I also attend yoga classes to meet new people and support my mental and physical health.
